TO BUILD FOUR LINERS.

NOT WORKING FOR PEACE.

New York, Oct. 24.—The International Mercantile Marine Company proposes to have built four new steamships for the American Line service. President P. A. Franklin will take up the question next week. Mr. Franklin states that the new steamers will be oil-burning, quadruple turbine engines, with a speed of twenty-two knots or more. The vessels will be built in the United States, as the British government has passed a law prohibiting the building of foreign vessels in Great Britain for ten years after peace has been effected.

Secretary of State Lansing yesterday denied the Boston News Bureau story that President Wilson had secretly been trying to negotiate an armistice in Europe. According to the Boston report the visit to this country of the American Ambassadors at Paris, London and Berlin was due to a summons from the President to discuss peace. Mr. Sabin's premature announcement, it was said, had spoiled the plan. Mr. Lansing described the whole story as false.

Footwear That Gives Absolute Foot Comfort

—If you have foot troubles consult our Foot Specialist. He will advise you as to the condition of your feet and the proper shoes to wear.

HEADQUARTERS FOR HEALTH FOOTWEAR

BUNION SHOES

BABY BLUE PAJAMAS BASIS FOR DIVORCE

Princess May Win Decree Because Husband Entertained Daintily Garbed Woman.

(By the International News Service.) New York, Oct. 24.—Baby blue pajamas, on an unidentified woman, have again made the Princess Almée Crocker-Ashe-Gillish-Gouraud-Miskinoff almost eligible for remarriage. Almost, because there still remains the formality of Justice Greenbaum signing a decree upon the recommendation of a referee.

The referee's report, recommending a divorce for the princess, was filed today. It tells the story of an unexpected visit of the princess' detective to a Broadway hotel suite in which the prince was languidly smoking a cigarette in his undress uniform, while the "other woman" reclined on a divan.

The sleuths saw a flash of baby blue pajamas as the woman jumped into a closet and then closed with the princess. Ruffled at being surprised at his leisure, the Russian noble sprang at the raiders, using his French vocabulary and his fists with equal rapidity. Hotel employees ran in and the raiders disappeared. Four times has Almée Crocker, heiress to the millions of the Crocker family of California, tried matrimony. Now she is through with it for good.

"The princess will keep her title and seek solitude," said John C. Oldmixon, her lawyer, today. "No, I do not think she will ever marry again. She wants to draw the curtain between her past life and the future."

Will Forget Incident.

"As for the prince," continued the attorney, who formerly represented Miskinoff in his separation action, "he is young, good looking and of lively disposition. He will soon forget this little incident in his life. It will vanish like a dream."

So ends another chapter of the romance of one of this city's most interesting matrons. Four husbands, an adopted daughter who was an admirer of the fourth, and a mysterious baby of disputed parentage have been episodes in the life story.

Although many years the senior of the prince, Mrs. Gouraud married him secretly in London in 1914. After returning to this city she denied the marriage, but finally admitted it. They made their home in this city.

BLAZE DESTROYS HOUSE GEN. WASHINGTON BUILT

Colonial Residence of James M. Duncan Swept by Fire.

Special to The Washington Herald.

Alexandria, Va., Oct. 24.—Fire early this afternoon destroyed the handsome colonial residence of James M. Duncan, situated at Hayfield farm, seven miles southwest of Alexandria. In Fairfax County. The house was built by George Washington in 1772 for one of his managers and was sold by Washington to his cousin, Lund Washington, in 1784.

The loss, it is estimated, will be \$30,000, only partially covered by insurance.

When the fire broke out Mrs. Duncan and her son and daughter were at home. Sparks from the chimney were thought to have set fire to the roof, a part of which was shingle.

Aid was asked of the Alexandria Fire Department and the new combination chemical engine, with Edward Howell, captain of the Relief Hook and Ladder, accompanied by Fire Chief Gronau and a number of volunteer firemen, went to the fire.

FEDERATED CLUB WOMEN MAY JOIN WAR ON BAKER

At a special meeting of the Federation of Women's Clubs to be held tomorrow, the criticism of Secretary of War Baker relative to the personnel of the Revolutionary army will be discussed.

At the regular meeting in the New Ebbitt last night the subject was brought up, but in the absence of an authoritative copy of the remarks of Secretary Baker, discussion was deferred.

It was voted to give eleven free moving picture shows for school children of the District, beginning next week. These films will teach a lesson in civic government and will be offered in theaters in community centers where children are numerous.

Mrs. Jacob Lochera is chairman of this feature of the club work.

WILSON POLICIES HIT BY COL. JOHN G. CAPERS

Scathing Attack on Administration Made Before Hughes Enthusiasts.

The eight-hour legislation, the administration's Mexican and European war policy, and the Underwood tariff were subjects of a scathing attack by Col. John G. Capers, former Commissioner of Internal Revenue, at the mass meeting of the Women's Republican Club at 1402 H street last night.

Referring to the argument that the President has kept the country out of war, Col. Capers said that there was never any real danger of war with Europe and that there has been actual, if not political, war in Mexico. He said that no European country could afford to make war on the United States, that the President knows it, and that the "war scare" was a purely political maneuver to obtain votes.

He said that Switzerland, Holland, Spain, Norway, and Denmark had been saved from a war more imminent.

Col. Capers said that "the President would have been guilty of treason had he thought that there was any danger of being embroiled in the European war and yet allowed shipments of food, clothing and ammunition to the very countries which we might be in danger of combating."

The eight-hour law he dubbed "insincere" because of the provision for its being effective no sooner than January 1, and not operative at once. He said it was a sop thrown out to the voter which might be dodged or repealed after election day.

POLICE MUST SALUTE FLAG.

Pittsburgh, Oct. 24.—Uniformed policemen must hereafter recognize the Stars and Stripes with a salute whenever seen on parade, according to the duty manual for 1916 issued by the department of public safety and just made public. The object of the rule, the manual explains, in addition to proper respect for the national flag, is to inspire in all members of the police department a livelier spirit of patriotism.

NEWSPAPERS LEFT ON TRAINS YIELD WEALTH

Hundreds of Tons Gathered at Union Station Annually and Sold.

Hundreds of tons of paper are gathered annually from the trains that have their terminus at Union Station, according to a statement from the superintendent's office of the Washington Terminal Company. This waste, which was formerly a liability, has become a valuable asset within the past few years.

Old newspapers form the bulk of the paper gathered, as most people leave their papers on the trains after reading them. Especially is this true of commuters. One of the porters at the station one day last week counted forty-two Baltimore papers left on one train.

A few years ago all of these papers were junked at a loss, but since the paper shortage became serious, a different method of handling the refuse has been adopted. As soon as the paper is gathered, it is sent to the station incinerating plant and sorted out into its various classes—newspapers and magazines—after which it is baled tightly and shipped to a large paper mill in the North.

NOTED CIRCUS RIDER KILLED.

Indianapolis, Ind., Oct. 24.—Tragedy today closed the career of Mrs. Pearl Jones, who in her younger days, as Katie La-pearl, was a sensational bareback rider in the leading circuses. She was struck and killed by a street car. She was about 50 years old and was married here three years ago.

Nerves All On Edge?

Just as nerve wear is a cause of kidney weakness, so is kidney trouble a cause of nervousness. Any one who has a combination of backache, nervousness, "blues," headache, dizzy spells, urinary ills and a tired, worn feeling, would do well to try Doan's Kidney Pills. This safe reliable remedy acts directly on the kidneys. It is recommended by thousands of people who have had relief from just such troubles.

Washington People Testify:

Mrs. C. H. Jackson, 2222 Chester St. S. E., says: "My back gave me a lot of trouble last summer. Throughout the day I had a dull aching in the small of my back. I felt tired all the time and I would almost fall asleep in the chair. I felt miserable in the morning when I first got out of bed. One box of Doan's Kidney Pills fixed me up in fine shape."

ISAAC L. BLOUT DIES AT AGE OF 79 YEARS

Isaac L. Blout, for sixty years a resident of the District, and for the past eighteen years president of the Washington Hebrew Congregation, died at his home, 710 Seventh street northwest, yesterday afternoon at the age of 79 years. At a meeting of the board of the congregation of the Eighth Street Temple last night it was decided to hold the funeral from the temple tomorrow at 3 o'clock.

Mr. Blout was born in Germany and came to America when he was 14 years old. He spent much of his time in work among the poor and was a member of

many charitable organizations, among them the United Hebrew Charities and the Jewish Foster Home.

ROBS HOUSE AND SHAVES.

Ocean City, N. J., Oct. 24.—Police of this city and Atlantic City are searching for a nifty thief, who, during the absence of the family yesterday, robbed the home of Second Lieut. Theodore V. Townsend, of Company G, Third Infantry.

The thief got \$50 worth of jewelry and \$17 in cash. He shaved himself with Townsend's razor, using Townsend's soap and Mrs. Townsend's talcum powder. Having some time to spare, the fellow ate a pie and a bag of chocolates.
